PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with advanced expertise in Java, Angular, and Python. Skilled in microservices, cloud computing, and event-driven architectures, delivering real-time, scalable solutions. Adept at optimizing performance, streamlining processes, and collaborating in agile teams to fuel innovation and impact.

WORK EXPERIENCE

Full Stack Developer

Elite business   June 2023 - Present

- Architected a real-time Fraud Management System using Angular, Spring Boot, and Dockerized Python microservices, reducing fraudulent transactions by 35% and accelerating detection by 40%.
- Designed a robust ETL pipeline integrating data flows into PostgreSQL, guaranteeing data integrity and boosting throughput by 30%.
- Developed a telecom Reporting Dashboard in collaboration with cross-functional teams, increasing user engagement by 25% through tailored insights and reducing manual reporting efforts.
- Engineered a Kafka- and WebSockets-driven notification system, cutting incident response time by 45% and enhancing critical-event visibility.
- **Achievements:**
  - Established CI/CD best practices, shortening deployment cycles by 20% and minimizing downtime.
  - Introduced automated testing tools to improve code coverage by 15%.
- **Tech Stack:** Angular, Spring Boot, Python, PostgreSQL, Kafka, Docker, WebSockets.

Web Developer Intern

Elite business   January 2023 - June 2023

- Developed and optimized front-end functionalities with React, increasing page-load speeds by 30% and boosting user satisfaction.
- Collaborated in code reviews and Agile sprints, reducing rework by 15% through improved developer best practices.
- **Achievements:**
  - Integrated Git workflows to lower version-control conflicts by 40% and accelerate sprint delivery.
  - Delivered sprints ahead of schedule by consistently completing backlog items under estimated effort.
- **Tech Stack:** React, Spring Boot, Git, Docker, MySQL.

EDUCATION

Software and Information Systems Engineering

Iteam University   2023 - Present

Bachelor's Degree in Computer Science

Faculty of Sciences of Tunis   2020 - 2023

TECHNICAL SKILLS

Languages: Java, TypeScript, JavaScript, Python .

Frameworks: Angular, React, Spring Boot, JEE .

Cloud & DevOps: Docker, Kubernetes, Nginx, Apache, CI/CD .

Collaboration: Git, GitHub, Agile/Scrum, JIRA .

LANGUAGES

English: Professional Proficiency

French: Fluent

Arabic: Native
